

2011 RECREATIONAL TRAILS PROGRAM REIMBURSEMENT REQUIREMENTS

Recreational Trails Program

- Background
- Funding
- Basic Requirements
- Reimbursement

Administration & Oversight

- Montana Fish, Wildlife & Parks (FWP) administers the RTP funds in Montana
- Federal Highway Administration (FHWA) provides program oversight at the Federal level

Timing

Reimbursement
only approved for
expenditures
incurred after the
date of the signed
project agreement
between the project
sponsor and FWP

Reimbursement Fast Facts

- Attend reimbursement training prior to expending grant funds
- Inquire before you incur costs to assure reporting requirements are fulfilled
- Coordinate with FWP on all partnership/cost share agreements

Why haven't I received my payment yet?

RTP Reimbursement Checklist

Grant Sponsor: _____

Agreement Date: _____

Date Reviewed: _____

	Compare numbers on Cover Sheet to those on Detailed Spreadsheet (FWP website). List of expenditures should be in the same order.
	If this request does not close out the grant, a statement of what was accomplished with fund requested must be included.
	If this request closes out the grant, a final performance report must be included (FWP form on website).
	Check dates of <u>all</u> documentation to make sure they are after agreement date.
	Start at top of Detailed Spreadsheet and compare to documentation following. Documentation should be in the same order as listed on Detailed Spreadsheet.
	If payroll is included and only a portion of that payroll is credited to the grant, make sure methodology for calculation is included as well as samples calculated for RTP payroll portion.
	If payroll logs include payments for projects other than the RTP grant monies, payments specific for the RTP project are circled in red or noted on logs.
	Proof of payment for payroll.
	Proof of payment and check number is included with every invoice submitted.

Eligible Expenditures

- Expenses incurred after agreement date in line one of agreement.
- Expenses specifically included in narrative and Project Cost Table (Part B) of application.
- Revised Project Cost Table needs to reflect overall project costs of grant award (not grant request)

USFS Reimbursement Reminders

- Do not combine different years' grants when submitting reimbursement requests
- U.S. Forest Service:
 - Always include official "Bill for Collection"
 - Make sure you have 5% non-Federal match

USFS Reimbursement Reminders

- The Bill for Collection total must match the reimbursement request total. Always attach the bill to your reimbursement packet.
- As you plan your project, remember to include volunteer, or other non-federal labor/equipment/materials to meet the 5% non-federal requirement.

USFS Reimbursement Reminders Continued

- The job codes associated with the project must be consistent
- Include Work Plans with reimbursement requests

Snowmobile Grooming Rate

Grooming Rate Explanation

- FWP will reimburse snowmobile and cross-country clubs for grooming operations through the hourly rate.
- Costs include: repairs, maintenance (including maintenance labor), transportation of groomers, fuel, oil.
- Costs not included: labor to operate machine and any other costs not associated with actual operation of the equipment.

A vertical strip on the left side of the slide shows a topographic map of a trail area. It features contour lines, a trail line, and various terrain features. The map is oriented vertically, with the trail running from top to bottom.

Hourly Rates

- Utility Sled Used for Trail Grooming: \$20.00 per hour (does not include grooming labor)
- All Other Large Groomers: \$60.00 per hour (does not include grooming labor)

Reporting Requirements for Hourly Rate Costs

- Rates used in lieu of receipts for fuel, oil, maintenance, repairs, etc.
- Labor and other eligible costs would be reimbursed under standard and previously approved methods
- Documentation: Grooming Log Sheets and Monthly Grooming Summary Sheets

Recent Reimbursement Changes

- If sponsor plans to hire Montana Conservation Corps for their trail project, they should inform MCC that RTP money is involved.
- Project sponsor can opt to hire MCC as a contractor through State Purchasing Procedures. Otherwise, MCC is considered a sub-grantee and reporting requirements for MCC are more detailed.
- If payroll logs include non-RTP sources, RTP sources are circled in red or noted on logs

Reimbursement Changes Cont.

- Matching Contributions: According to RTP Guidance, Section 206(h)(1)(C) allows preapproval project planning and environmental compliance costs to be credited toward the non-Federal share of the cost of a project, limited to costs incurred less than 18 months prior to project approval. The costs incurred must be costs that would be allowable if the project had been approved.

ROW Requirements

- If project involves construction, improvements within State Highway Right of Way (ROW), project sponsor must coordinate with local Montana Department of Transportation office to assure ROW requirements are addressed
- An encroachment permit is typically required

Uniform Relocation Act of 1970

- **Purpose:** To ensure that property owners are treated fairly and consistently whenever land is to be acquired for federally funded projects, and to ensure that state and federal agencies implement these regulations in an efficient and cost effective manner.
- **Landowners must be apprised of their rights under this national law, which includes:**
 - Disclosing whether condemnation or eminent domain will be used to take land for the trail project under consideration.
 - Disclosing that landowners may ask for just compensation according to federal appraisal standards whenever their land is purchased in fee title or whenever their land is encumbered with a perpetual trail easement.

Uniform Relocation Information

- Implementation regulations are found in 49 CFR Part 24.

<http://www.fhwa.dot.gov/legsregs/directives/fapg/cfr4924a.htm>

- Project sponsors can also access a Waiver of Procedures and Rights Form under the “Reimbursement Information” tab of the RTP website.

<http://fwp.mt.gov/recreation/grants/rtp/reimbursement.html>

Direct Costs vs. Indirect Costs

- Direct costs are clearly identifiable costs related to a specific project. Categories of direct costs generally include salaries and wages, fringe benefits, per diem (gas or meals), construction, printing, brochures and displays, signs, etc.

Indirect Costs Defined

- Indirect costs are activities or services that benefit more than one project
- Indirect costs include taxes, administration, personnel and security costs, and overhead or administrative costs
- Examples include building insurance, rent, electricity, accounting, budgeting, grant writing, advertising, depreciation, insurance, interest, legal fees, repairs, taxes, telephone bills, and utility bills

Part B. Project Cost Information
